I am an undergraduate student studying backend development in both the .NET and PHP tracks. I have completed summer internships at (ITI) in the .NET and PHP backend development track . I am also studying web pentesting (security) and have completed internship in cybersecurity at Cybertalent and Trend Micro . I enjoy problem solving and have solved many CTF challenges. At university, I have participated in several projects with my colleagues, including a **Python project that used APIs and web scraping to exchange currency between countries** and a cybersecurity project called Rummage Tool, which searches for any breaches of your emails and phone numbers on the internet and deep web. I am eager to continue learning and am excited to apply for this job

WORK EXPERIENCE

intern (summer training)

07/2022 to 08/2022

ITI (for 2 times)

Menofia

Role: Backend Developer Responsibilities:

- Develop project called Library Management System using PHP and MySQL (<https://github.com/chixes404/LMS>)

- Develop Desktop application project by (C#, Linq ,WinForms , SqlServer)

Animal Feed Store

(<https://github.com/chixes404/AnimalFeed-System>)

- Learned PHP and MySQL
- Learned C# and OOP ,TSSQL

Accomplishments:

- Received a certificate upon completion of the internship

([Certificates link](#))

03/2022 to 05/2022

Cybertalent

Role: Cybersecurity Intern

Responsibilities:

Learned about **web pentesting** and cybersecurity

- Accomplishments:
 - Participated in the CTF competition hosted by Cybertalent &Trendmicro for Africa
 - Took 3rd place from 1000 participants in the CTF competition
- Received a certificate upon completion of the internship

([Certificate](#) +[Winners Board](#))

GDSC :

- Sharing in Gdsc (Russian academy) problem solving program and take 5th place in the program from 80 student .([certificate](#))

SKILLS

Backend development (PHP, MySql , .NET { C# ,OOP,Sql Server , Linq ,Entity Framwork Core , Desktop application }) - Excellent

problem solving (c # and Sql) - Good

frontend (html , css , js) - Very Good

Web pentesting - Excellent

EDUCATION

tanta university

Associate

computer science with GPA : 3.2

09/2020 to Present
